

***“The LORD blessed the latter part of Job’s life more than the former part.” Job 42:12 (NIV)***

Ashley Estrada Ministries (AEM) is pleased to launch the **J.O.B. Empowerment Initiative**. The Initiative is grounded in the powerful biblical truth found in Book of Job, that true faithfulness, even through profound hardship, can lead to restoration that exceeds what was lost.

The life of Job reminds us that although he endured unimaginable trials, he never abandoned his faith in God. Because of that faithfulness, God blessed the latter years of his life with abundance, favor, renewed health, and a legacy of immeasurable wealth. Job’s story is not only one of endurance, but of divine restoration and purpose beyond suffering.

Yet we also recognize a sobering reality in that individuals living in extreme poverty, i.e. those without stable shelter, widows caring for hungry children, and families struggling simply to survive, may not be able to immediately hear messages of hope or faith. When basic needs go unmet, survival often comes before spiritual understanding.

For more than 25 years, Ashley Estrada Ministries has served as a **VOICE for the voiceless**, providing humanitarian aid, medical missions, feeding programs, shelter support, and compassionate outreach to vulnerable communities locally and globally. AEM has consistently met people at their point of need, with the goal of restoring dignity, offering hope, and demonstrating God’s love through action.

The **J.O.B. Empowerment Initiative** represents the elevation phase of AEM’s mission. It moves beyond immediate relief to sustainable empowerment. AEM not only assists individuals in moments of crisis, but intentionally fosters growth through equipping people with skills, resources, and opportunities so they can learn to “fish,” provide for themselves, and build lasting stability.

This initiative serves as a renewal and restoration pathway, particularly for widows and vulnerable families. It creates space for past pain to be replaced with purpose, for unheard voices to be restored, and for lives once marked by loss to become testimonies of resilience and transformation. Like Job, participants are empowered to step into the next chapter of their lives not only restored but positioned to become **VOICES** for others.

The Job Empowerment Initiative is not simply a program—it is a vision of **Empowered by Faith, Sustained by Purpose** to help many in their **Journey Out of Brokenness, J.O.B.**
